

The Roundhay Environmental Action Project (REAP) was set up in 2007 as a platform to promote practical local action on environmental issues and climate change.

Visit our website – www.reap-leeds.org.uk – or email info@reap-leeds.org.uk for information about our achievements so far and to become a member. Alternatively come along and meet us on market days at the REAP stall.

Oakwood Farmers' Market+ is run by our trading arm REAP Trading Ltd. The “+” signifies its focus on sustainability – the market is a plastic bag free zone and the food and produce has mostly travelled less than 30 miles.

The market is FARMA accredited: see www.farma.org.uk

Why not meet your friends while sampling produce from our award winning farmers and producers?

See our website for all the latest market news and information about our stallholders:
